COURSE DESCRIPTIONS

BASIC TRAINING

Step into the Hard Knocks Combat Academy to discuss proper combat tactics, maneuvering and team communication with our Regulators. Then go from the classroom to the War Room and test your skill and strategy. Hard Knocks has over 30 different mission scenarios in multiple arenas to ensure a unique experience each time.

ARMY OF TWO

Combat as an athletic event. Keep your eyes open on day one as you assess your opponent's combat skills. Pick your partner wisely as the two of you will compete daily in a week-long combat competition. Final seeding will be set on the last day when the champion duo of the single day combat tournament is named.

ACHIEVEMENT

Your career as an HK combatant has prepared you for this moment. Join your fellow combatants as you unlock exclusive missions not available to the general public. Climb the ranks as you collect achievement points for your victory in combat. You will have plenty of opportunities to run all your old favorites as well, along with full use of the gaming lounge.

TOURNAMENT

Bring your competitive spirit! Teams of combatants will form a squad and work together to challenge all others through week-long tournaments. Outperform all other squads on the field of combat, and in the Coliseum Arena, as well as in gaming tournaments on different platforms such as PC, Xbox360, PS3, Wii, and the Guitar Hero and Rock Band Stage.

SPECIAL OPS

Learn advanced combat techniques from the Hard Knocks Combat Academy. Lessons will include stealth training, advanced communication and reconnaissance, and other complex combat scenarios. Use your combat and gaming experience to create your own combat mission. Through teamwork, combatants will excel and graduate as elite commandos.
